SUMMARY

Skilled in Excel and Power BI for data visualization. Proficient in Python for simple programming and data manipulation. Experienced in SQL for database management and accurate data entry and organization

EXPERIENCE

08/2023 - 01/2024

Lahore(PK)

Excel Tutor
Anjuman Himayat-E-Islam College

I'm an **Excel tutor** at **Anjuman Himayat-E-Islam College**. I specialize in teaching adults who are already well-matured. I design my lessons to be straightforward, ensuring that complex Excel features become accessible. This internship is a fantastic opportunity to enhance my teaching abilities, gain practical experience, and make a positive impact on student's learning journeys.

07/2024 - 08/2024

Lahore(PK)

Data Analyst Assistant
Adept Technologies Private Limited

I worked as a **Data Analyst Assistant** at **Adept Technologies Private Limited**, where I gained hands-on experience in handling data analysis tasks. During this time, i played a key role in assisting the data team with various analytical tasks. This experience helped me to build a solid foundation in data analysis and teamwork and preparing for future opportunities in the field.

EDUCATION

Lahore(PK)

Diploma of Associate Engineer IN Computer information technology
•**Government Collage of Technology, Lahore**

SKILLS

Excel   Power Bi   PostgreSQL   Python   Database Administration   Data Visualization   Dashboards

PROJECTS

Music_Database_PostgreSQL
